

Acute Medicine in the Frail Elderly (1st New edition)

By Henry Woodford, Jim George

Radcliffe Publishing Ltd. Paperback. Book Condition: new. BRAND NEW, Acute Medicine in the Frail Elderly (1st New edition), Henry Woodford, Jim George, 'What this excellent new book adds to the field is a very clear focus on the emergency care of older patients.an excellent resource for specialists in other fields wanting to improve their own skills and knowledge when caring for older patients with complex needs. It will be of great use to nurses and allied health professionals, to trainees in geriatric medicine and to consultants. This book covers everything from key facts about population ageing and health, to assessment and investigation of older patients, to the common "geriatric giants" of falls, immobility, confusion and incontinence and on to more specialised chapters around stroke medicine or assessment of older surgical patients. This will be an excellent resource for clinical practice - it has really added to the field and is highly readable and informative. I for one will be recommending it to colleagues.' From the Foreword by Professor David Oliver, National Clinical Director for Older Peoples Services (England) Emergency care of frail older people is challenging but very rewarding. Older patients tend to be complex and therefore their assessment needs...

Reviews

It in one of the most popular publication. It really is writer in easy words and not difficult to understand. You are going to like how the author write this book.

-- **Prof. Evans Balistreri DDS**

Completely essential go through book. This is for all who statte there had not been a worthy of reading through. It is extremely difficult to leave it before concluding, once you begin to read the book.
