AN EPITOME OF HUMAN: HISTOLOGY FOR THE USE OF STUDENTS IN CONNECTION WITH LECTURES AND LABORATORY WORK (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from An Epitome of Human: Histology for the Use of Students in Connection With Lectures and Laboratory Work The student who has conscientiously followed a course of lectures, laboratory work, or reading, on microscopic anatomy generally finds himself in possession of a great many isolated facts about the minute structure of the body, but with a rather indefinite conception of the relation of these facts to one another and of the subject as a whole. He often finds it necessary to go over his notes or his text-book, eliminating those matters which, though of interest, it is neither necessary nor desirable for him to memorize. This process of selecting and arranging the facts of histology is far from easy, especially for the first-year medical student, who thus often enters on the study of pathology with an inadequate knowledge of the normal structure of the tissues. It is to overcome this difficulty as far as possible that this epitome has been written. Several points have been kept constantly in mind: first, to present all the facts which are of real importance for the student, - a point often neglected in the aide-memoire and similar books; second, to express these facts in the briefest and clearest language, omitting all points and phrases which, though they might add interest or literary merit, are not strictly required; and third, to arrange the facts in such a way that the reader, in considering any organ, may, if he will, actually sketch each part described as he proceeds, and thus make a diagrammatic plan or picture of the entire structure; this will obviously be possible for those students only who have seriously...
