

## An Elementary Arithmetic (Classic Reprint)

By D B Hagar

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from An Elementary Arithmetic The purpose of this manual is to facilitate the advance of young learners in the science of numbers by gradual steps. The lessons are intended to secure that normal development and discipline of the reasoning powers, and those correct habits of investigation, which alone form a sure foundation for progress in any branch of knowledge. The principles and rules have been carefully established by induction. The plan has been to make the reasons for each process entirely clear, and to enable the learner to state them in concise language. Mental and written exercises admitting substantially of the same solution have been combined, so as to render unnecessary the use of a separate mental arithmetic, and otherwise to abridge advantageously the ordinary course of arithmetical study. Pictorial illustrations, from original designs, have been freely introduced, with the view of making some parts of the subjects treated more easily understood, through the medium of the eye. It is hoped that this work, which is complete in itself, may satisfactorily meet the wants of intermediate...
