Reviews

It is an incredible ebook that we actually have ever study. This is certainly for all those who statte that there had not been a worthy of looking at. I am just pleased to inform you that this is the very best publication i have got go through during my individual daily life and can be he best ebook for possibly.

(Clarabelle Marvin)

APPLEWORKS 6: THE MISSING MANUAL

O'Reilly Media. Paperback. Book Condition: New. Paperback. 456 pages. Dimensions: 9.0in. x 6.9in. x 1.2in. If you prefer a more streamlined alternative to the bloat and complexity of Microsoft sport-utility programs, AppleWorks 6 is the stealth office suite. Hugely popular in classrooms, colleges, and small offices, its got word processing, graphics, database, web design, spreadsheet, and slide-show functions in a single, beautifully integrated application. Every year, AppleWorks arrives in the hands of four million Apple iMac and iBook buyers. There it sits on the hard drive, a masterpiece of smooth integration and clever interface design, accompanied by templates, art libraries, and fonts--and no printed instructions. AppleWorks 6: The Missing Manual is the book that should have been in the box. It covers: Whats new. The authors place special emphasis on easing the transition into the new AppleWorks 6 interface, its Internet hooks, the Starting Points window, and the new Presentation module. Part by part coverage. The early chapters delve very deeply into the six core AppleWorks modules, including 85 pages on the word processor alone. Power tools. Much of AppleWorkss power comes from its macros, templates, assistants, customizable Button bar, and web-based clip-art libraries. Document exchange. AppleWorks 6 can no longer export Word and Excel files. But this book covers exchanging documents with other programs, versions, and platforms--and includes a 25 discount coupon for MacLink Plus, which restores the file-conversion feature. Troubleshooting. Because this book isnt an Apple publication, the authors freely acknowledge the programs weaknesses--and offer workarounds. Witty and jargon-free, AppleWorks 6: The Missing Manual treats AppleWorks as the serious productivity tool it is. With over 250 illustrations, a 2, 000-entry index, and a menu-by-menu explanation of every command, AppleWorks 6: The Missing Manual is as smoothly put together as AppleWorks itself. This item ships from multiple locations. Your book...
